

Animal Assisted Therapy

Informed Consent To Participate in Animal Assisted Therapy Interventions

I consent to participate in Therapy Dog interventions including interacting with and handling of the Therapy Dog/s. I acknowledge I have read the following statements regarding my participation in therapy sessions.

- I consent to working with the Therapy Dog ongoing and understand that if I change my mind I need provide written advice at least two working days before my scheduled visit
- I acknowledge that I have no known illness or allergy that would prevent me from interacting with and handling the Therapy Dog/s
- I understand that the Therapy Dog/s undergo routine vet checks and preventative medicine (including vaccinations, worming and flea treatments) to maintain their health, however there are some illnesses which can pass between humans and dogs to which I may be exposed. I will therefore practice personal hygiene, for example washing hands prior to eating (see infection control flyer for more information)
- I understand that the Therapy Dog/s are trained and assessed to work with people, however I acknowledge the risks associated with working with animals, including the risk of injury. I will follow the direction of the Therapist - Staff Member at all times
